John Alden Spoor

AN APPRECIATION

Sorrow and gratitude mingle in our hearts: Sorrow that we shall see our friend and associate no more; gratitude that we have known him, that we have been associated with him and often led by him.

In 1902 John Alden Spoor was first elected to the Board of Trustees of St. Luke's Hospital, Chicago. His interest was such and displayed in so many ways that after four years of service the Board honored him by unanimously electing him its Vice-President. In this capacity he served until 1922 when his associates further recognized his singular ability and loyal cooperation by electing him to the Presidency of the Hospital. In that responsible office his unique executive ability and marked mental endowment made him not only the legal head of the Hospital but its acknowledged and stimulating leader as well.

Clear vision, wide experience in many fields of endeavor, singularly fitted him for the task of extending the Hospital's opportunities for service. And the confidence that many of his fellow citizens in Chicago had in him enlisted both their aid and their support in the enterprise.

One of the greatest tributes to his ability may be found in the fact that he had both time and energy, out of a many-sided life, to give to the care and ministration of the sick who sought relief within the walls of St. Luke's Hospital.

It is not altogether as a presiding officer that we find ground for admiration in the life of our friend. His interest led him much farther afield than board room or committee meeting. His sense of duty and responsibility as well as his innate love of the Hospital and all that concerned its welfare led him into ward and operating room, kitchen and pantry, nursing school and clinic.

We like to think that through this experience he found help and courage to bear with fortitude his own trying illness when on October 15th, 1926, he passed quietly and peacefully into the great beyond.

The Board of Trustees of St. Luke's Hospital records with high appreciation the singular ability and faithful service of their former president; their gratitude for his association with them; and their consciousness of his genuine friendship.

RULES

AS TO

ENDOWED ROOMS AND BEDS

A donation of \$5,000 endows a bed in a ward with the right to name the bed in perpetuity, but without the right to nominate occupants for the bed.

A donation of \$7,500 endows a bed in a ward with the right to name the bed in perpetuity and the right to nominate the occupants of the bed during the life of the endower.

A donation of \$10,000 endows a private room with the right to name the room in perpetuity, but without the right to nominate the occupants of the room.

The sum necessary to endow a private room in perpetuity with the right to name the occupants thereof shall depend on the size, location and general desirability of the room selected.

The right to nominate the occupants of a bed or room shall be understood to mean:

That the endower shall have the right to nominate one patient at a time to occupy the said bed or room, and if all beds or rooms are occupied to a preference over all other applicants when a vacancy occurs.

In the event that an endowed bed or room is occupied the Hospital reserves the right to place the patient in some other equally good bed or room.

Persons nominated to free beds or rooms should be worthy subjects for such charity.

Persons whose means admit of their paying for hospital care and treatment are not acceptable as occupants of free beds.

TO THE BOARD OF TRUSTEES:

During the year, 15,156 patients were treated in the hospital and already we foresee the time when even with all the facilities of the new building we will be taxed for room. The Smith Memorial can care for only a fraction of the number of patients seeking admission—the floors six and seven in the Main Building housing sixty-four semi-private patients would have to be doubled to meet the demand.

The best, if not the only way of relieving the situation would be the erection of a building on the site of the Saranac adjoining the Smith Memorial on the north. Tentative plans have been drawn which provide on the first floor, reception rooms, lounge, gymnasium, swimming tank for nurses and quarters for maids; and on the second floor dining room, kitchen, lounge and graduate nurse accommodations. The third, fourth, fifth and six floors connect with like floors of the Smith Memorial and are devoted to private rooms to be operated as a unit with the older building. Above the sixth floor all would be used as dormitories accommodating four hundred nurses, except the top floor which would be used solely for educational work and would provide class rooms, demonstration rooms, laboratories, practice ward, library and offices.

This scheme when carried out will add one hundred and fifty private rooms and will release four floors in the new Main Building, now occupied by nurses, which will accommodate one hundred and twenty or more patients.

It would be difficult to exaggerate the importance of a new Nurses' Home of a modern type as it has become a most vital question in the extension or even maintenance of the School.

It is interesting to note the results of our efforts to meet the insistent demand for accommodations of a grade between the wards and Smith Memorial private rooms. The semi-private accommodations on the sixth and seventh floors of the Main Building with 64 beds in small single and double rooms have consistently maintained an occupancy of over 95%, and there is no doubt that we are in some degree meeting a real need.

The only complaints we have are from those who expect the same conditions and service as is given in the Smith Memorial and are disappointed. It is perhaps needless to say that if we conducted this department on the same plane as our private rooms the rates would of necessity be approximately the same. The other feature is that at the present rates, the hospital incurs a small loss on all patients in this department.

In attempting to evaluate the work of the hospital it is highly desirable that we take the correct viewpoint—the amount of absolutely free work done is not necessarily a true measure of its usefulness to the community. An institution which enables the poor or relatively poor to secure adequate treatment at rates within their means is possibly rendering a greater service than one with a much larger wholly free list. In this day of employers' liability and accident insurance a great many accident cases and occupational diseases which some years ago would be largely free are now pay patients.

The follow-up work done in the Out-Patient Department also tends to reduce the number of free days and to keep chronic cases out of hospitals and employed.

The report of the Henry Baird Favill Laboratory will be found most interesting in that the constant and rapid increase in the volume and scope of the work is remarkable. This laboratory, I believe, is not surpassed by that of any other hospital. During the year the routine work of the laboratory has increased 41 7/10%.

The hospital now has a fairly comprehensive medical library, in charge of a competent librarian who has an assistant night librarian who remains on duty until 10:00 P. M. The contributions of the members of the Medical Board are many and valuable.

The Interne Staff has grown to proportions unthought of, a few years ago and now numbers thirty-eight. It is quite satisfying to know that despite the extreme shortage of internes among hospitals we always have many more applicants than can be accepted.

The hospital suffered a great loss in the death of Dr. Albert Edward Halstead, an eminent member of the Medical Board, who passed away on Monday, December 6, 1926.

There is a peculiar appeal in the work of the Mrs. John C. Black Memorial as it is a very finely equipped shop for the manufacture of braces, splints and all kinds of orthopedic apparatus for the crippled and deformed. It is the gift of Mrs. Albert Boardman and meets a great need. All apparatus is sold at the cost of labor and material or for any price the patient can afford to pay.

Through the generosity of Mrs. John G. Shedd the Hospital has two additional endowed rooms in the Smith Memorial, known as the "John G. Shedd Room" and "The Shedd Room."

The Nurses' Alumnae have endowed two rooms for the use of the member of the Society in the new Main Building.

Your attention is called to the reports of the Woman's Board and its various Committees. That of the Social Service Committee is of striking interest, showing as it does a very rapidly growing department, already of considerable magnitude.

Respectfully,

LOUIS R. CURTIS.

We have examined the books and accounts of St. Luke's Hospital for the year ending December 31, 1926, and, subject to the omission of a specific provision for Depreciation of the Hospital Buildings since 1912, we certify that the foregoing Balance Sheet and accompanying Statement of Income and Expenditure have been properly prepared from the books and, in our opinion, fairly set forth the financial position of the Hospital as at December 31, 1926, and the result of the operations for the year ending on that date.

TO THE BOARD OF TRUSTEES OF ST. LUKE'S HOSPITAL:

Gentlemen:

I herewith submit the Annual Report of the School of Nursing for 1926:

Administrative:

Director of Nurses.....	1
Assistant, Smith Memorial (Day).....	1
Assistants, Main Bldg. (Day).....	2
Assistant, Smith Memorial (Night).....	1
Assistants, Main Bldg. (Night).....	2
Supervisor, Obstetrical Dept.	1
Supervisor, Orthopedic Dept.	1
Supervisor, Opththalmic Dept.	1
Supervisor, Pediatric Dept. (Day)	1
Supervisor, Pediatric Dept. (Night)	1
Supervisor, Surgery	1
Surgical Assistants	4
Visiting Supervisor, Main Bldg.....	1
Graduate Head Nurses	16
Graduate Assistant Head Nurses	6

Assistants other than Graduate Nurses:

Dietitians	4
Kindergarten Teacher	1
Secretary	1
Matron, Stickney House	1
Matron, Saranac Houses	1
Social Service Director.....	1
Physical-therapist	1
Number of students admitted in 1926	108 ✓
Number of students graduated in 1926	50 ✓
Number of students in the class of 1927	34 ✓
Number of students in the class of 1928	74 ✓
Number of students in the class of 1929	92 ✓
Total	200

Students resigned training in 1926:

Not physically qualified.....	8
Failed to meet requirements.....	7
Married	7
Homesick	4
Parental objections	3
Miscellaneous	3
Dismissed	2
Transferred	2
Dissatisfied	2
Financial	1

As Medical Science advances, there are constantly growing demands made upon the nursing personnel of the Hospital. Treatments are more complicated, clinical observations more numerous and intricate, and many duties formerly performed by the physician are now assigned to the nurse. These opportunities and responsibilities necessitate a larger and more technically prepared group of nurses.

The housing of sufficient nurses to meet these demands continues to be a problem. We are conversant with the efforts of the Board in regard to the new nurses' home and trust that the very near future will find these plans perfected.

A second night supervisor has been assigned to the Main Building and a graduate nurse put in charge of the children's ward at night.

The addition of a teaching supervisor to our staff of instructors has made it possible to maintain a better correlation between the theoretical and practical instruction.

The curriculum is strengthened by members of the faculty from Northwestern University and the University of Chicago, who give courses of lectures to the senior students. This instruction is made possible by individual members of the Board of Trustees, to whom we are deeply grateful.

The loan fund established by an individual member of the Board of Trustees for students who are temporarily in want of financial assistance, fills a decided need. Several students have been able to finish their course, which would have been impossible without this assistance.

The interest taken by the members of the Women's Board in the social activities and home life of the students is greatly appreciated. Many delightful functions were held during the year, as well as the graduating exercises in May and the holiday festivities. One of the outstanding events of the social year, was a tea during the Easter week given by Mrs. John W. Gary, assisted by several other members of the Board, to the entire nursing personnel of the institution. The get-acquainted tea for the members of the incoming class given at the suggestion of Mr. Schweppe proved to be such a success that it was decided to make it an annual event.

The nurses' committee of the Women's Board have added many valuable volumes to the reference library and individual members have contributed to the refurnishing and up-keep of the nurses' home.

A scholarship was also provided for the graduate course in nursing at the University of Chicago.

We wish to continue to express our grateful appreciation to the members of the Medical Board for their interest in the instruction, health and general well-being of the nurses, and especially to those members who have been so untiring in their efforts to protect the incoming students against the many infections and contagious diseases.

The Alumnae Association has been active during the year in matters pertaining to education and mutual help. A banquet was given for the graduating class in May at the Drake Hotel. The entire expense of one nurse in training was assumed, and as well two scholarships for the graduate

course in nursing at the University of Chicago, were awarded.

Five hundred dollars was given to the Grading of Schools program committee.

One thousand dollars was contributed toward the construction of a cottage at the Naperville Tubercular Sanitarium and in addition, four hundred dollars for the furnishing of a room.

Thirty thousand dollars was paid to the Hospital for the endowment of two rooms for sick nurses in the Main Building.

Several benefits have been paid to nurses who were ill while away from the city and four nurses have been given financial assistance.

Respectfully,

MILDRED PRINGLE.

HENRY BAIRD FAVILL LABORATORY

REPORT FOR 1926

As in other parts of the Hospital, so also in the Henry Baird Favill Laboratory, readjustments and expansion have been found necessary in order to render service to the much larger number of patients receiving care. Not only has there been this commensurate expansion, but also in certain departments additions and improvements in the technic by which the various tests are made. The following table is a summary of the total number and the various kinds of examinations completed during the year 1926:

Red and white blood counts; hemoglobin estimations	22,325
Blood coagulation tests.....	1,066
Differential blood counts.....	1,525
Gastric analyses.....	686
Stool analyses	1,813
Urinanalyses	18,957
Bacterial examinations	5,623
Blood cultures	435
Milk examinations	265
Wassermann tests	1,567
Spinal fluid examinations.....	249
Blood compatibility tests.....	240
Chemical examinations	3,029
Postmortem examinations	151
Surgical specimens	3,890
Widals	90
TOTAL.....	61,911 ✓

Some of the work in the laboratory is the special study of certain medical problems. Dr. A. P. Locke, The Seymour Coman Fellow in Chemistry (Kent Chemical Laboratory, University of Chicago) and Miss Edna Main, The Charles Scheweppe Fellow, have made further investigations on the isolation of the specific substance contained in the crude diphtheria antitoxin serum. They have demonstrated that various serums of this kind have different degrees of avidity or toxin binding power, and that an anti-serum in order to be highly effective in patients should have a rapid toxin-binding property.

Information Relative to Pay Patients

Under no circumstances, except in an emergency, should a patient come to the Hospital without first having arranged for accommodations.

Medical and Surgical Fees in the case of pay patients are fixed by private arrangement with the Attending Physician or Surgeon.

PRIVATE ROOMS

The rates in the Smith Memorial Building are: Single rooms, \$7.00 to \$15.00 per day. Relatives or friends will be accommodated at the same rates as patients when the available space will permit.

The rates in the Main Building:

Single Rooms, per day.....	\$5.00
Semi-private Rooms, per day.....	4.00
Ward rates, adults, per day	3.00
Children under twelve years old, per day.....	1.00

GRADUATE NURSES

Graduate special nurses may be employed by patients at the following rates:

Twelve hour day	\$ 7.00
Twenty-four hour day	8.00
Board for nurse, per week.....	10.00

The entire transaction is directly between the nurse and the patient and payment should be made to the nurse. Graduate special nurses on 24-hour duty are to have eight hours rest at night and two hours off duty during the day.

AN EXTRA CHARGE WILL BE MADE FOR THE FOLLOWING:

Use of operating or delivery rooms; gas anaesthetics; X-Ray and electrical examinations and treatments; Electrocardiographic tests; Metabolism tests; Physiotherapy treatments and unusual articles of diet, medicines, apparatus and dressings.

Additional studies have been made in connection with a rather rare disease caused by a mold and sometimes known as the "California" disease because most of the patients with the disease seem to have been infected while in California. This work has been supported by the Winfield Peck Memorial Fund.

Dr. S. M. Crowe and Dr. Warren S. Bump have been working independently under the John Jay Borland Fellowship Fund. Their work too is progressing favorably and both have published studies as listed among the publications made during the past year. Several investigations in pathology have been completed by some of the younger physicians now serving as interns in the Hospital.

Studies such as these, of course, need adequate support in order that once started they can be carried through to a satisfactory completion. Their number, we hope, will increase through the establishment of permanently endowed fellowships and funds.

The Hospital Library on the Laboratory floor has grown considerably during the year. The efforts of Dr. George Coleman, Chairman of the Library Committee, have been especially successful in gaining support and additional volumes for the Library. Many members of the Medical Board have contributed both in funds and in subscriptions to current medical journals. To all these a grateful acknowledgement is made, and also to other friends of the Hospital, who in their quiet way have aided the work in the Henry Baird Favill Laboratory.

The following is a list of studies published or submitted for publication during the past year:

Bump, W. S.:

"Adamantine Epithelioma."

Surg. Gyn. and Obst. 1927, 44 pp. 173-180.

J. Clin. Investigation. In print.

(Signed) EDWIN F. HIRSCH, M. D.

(Signed) EDWIN R. Le COUNT, M. D.

TO THE BOARD OF TRUSTEES:

During the past year the work in the Roentgen Department has greatly increased. The last year the Department was located in the old building approximately 5,000 cases were examined and treated.

During 1926 a total of 8,813 patients were examined and treated in the Roentgen Department which represents an increase of about 40%. The work included 6,750 diagnostic examinations and 2,063 treatment cases. The treatment work consisted of 1,513 patients treated for Malignant Disease and 550 treated for Thyroid Disease (Goitre).

The Department has increased its personnel with the idea of obviating the delay that was a justifiable complaint by many patients. Two orderlies have been added to the Department, and we now feel to a large degree the waiting will be minimized. We earnestly hope, however, our patients will always consider the fact that a certain amount of delay cannot be eliminated as the types of patients handled in a hospital X-Ray department are quite different from those of a commercial X-Ray department. Many of our patients are bed-ridden, recently injured and great care must be used in moving them. They are usually in pain and can be moved in the various positions necessary for the examination very slowly and cautiously. Patients examined in commercial departments are ambulatory, and as a rule can move about with no great discomfort or pain. Considering these facts and not forgetting that the patient is the first consideration of any hospital I ask that you will at least be tolerant. It is the policy of the Department to give prompt, efficient and courteous service to all patients.

The Department has for the past 5 years conducted a course in X-Ray technique. The course has been limited to one student and covered a period of 6 months. The past year the number of students has been increased to 4. At the present time we have a waiting list and the course has proven very attractive to young women, especially nurses. There is a great demand for X-Ray technicians and if the applicant is industrious and applies herself, the field offers a very satisfactory means of livelihood. All work is done under the close supervision of competent technicians. Lectures are given one night each week at which time the physics of X-Rays are discussed and questions may be asked by the student.

While the course offers the student an opportunity to become efficient in X-Ray technique, it also serves as one of economy for the Hospital.

The Fellowships in the Department for physicians have also been increased; at the present time we have two full-time Fellows. Fellows are given training in all types of Roentgen work. The Fellowship extends over a period of one and two years.

EDW. L. JENKINSON, M. D.
Director of Roentgen Department.

THE CHAPLAIN'S REPORT—1926

To the Board of Trustees, St. Luke's Hospital, Chicago.

A chaplain's Annual Report might be made up wholly of statistics which would convey but an inadequate idea of the actual work done. For this reason actual statistics are omitted from the following report.

The present Chaplain of St. Luke's took up his official work within the Hospital on Friday, February 12th, 1926, since which time he has made a practice of covering the entire Hospital from room to room, irrespective of religious affiliations, once every week. Where there has been serious sickness he has endeavored to make such additional calls as particular cases seemed to warrant. If a single call, weekly, on each patient seems too little, it should be remembered that there are upwards of six hundred beds in St. Luke's, the average number of patients being well along towards that mark, and that visiting must for obvious reasons be confined to certain hours. It will thus be easily seen that the old order of things, when St. Luke's was much smaller and the Chaplain could afford time to sit down for a quiet chat with the patients, is not possible in these days.

Unless specially summoned, the Chaplain's calls are at the outset purely social, and many have been the kindly expressions of appreciation from Episcopalians, Roman Catholics and members of the various Protestant bodies, together with those of the Jewish faith, as a result of these calls. In every instance the Chaplain's visits have been cordially welcomed and he has been invited to call again. Not infrequently

patients have openly spoken their thanks through the Chaplain to the Hospital for its thoughtful provision along these lines, making mention of the comforts of St. Luke's and of the kindly and courteous bearing of all who have ministered to their respective needs.

Occasional enquiries on the part of patients relative to the Chapel and its hours of service prompts the Chaplain to suggest, for their information, the placing within every room and ward of some neat and attractive schedule of services. In this connection he is not infrequently asked to remember the sick, and it is a great comfort to many a patient of St. Luke's to know and feel that there are special intercessions made in their behalf every morning within the Chapel,—something of which they had previously known but little. Patients from the Main Building have attended the Sunday services in gratifying numbers, chiefly, however, in the evening, the attendance of many at the forenoon service having been prevented by the lateness of the visiting doctors' calls.

The Chaplain desires to extend to the doctors, internes, nurses and employees of the Hospital his grateful thanks for their kindly co-operation in his work and their willingness to further it so far as they are able.

Respectfully submitted,

ROBERT HOLMES,
Chaplain.

REPORT OF PRESIDENT

To the Trustees of St. Luke's Hospital:

Gentlemen:

The Woman's Board begs to submit its Annual Report.

In the year 1926 we have financed the Social Service Department, except the salary of one worker who is paid by Grace Church. The department now has seven paid workers, also several volunteers from the Woman's Board, who go regularly to assist in the clinics. Mrs. Stanley Field pays the salary of one worker.

Our Linen Committee has furnished all garments on our regular quota, all of the bed linen and towels used in the Training School, and paid the salary of the Supervisor of Linen.

Mrs. Reed, as Chairman of the Kindergarten Committee, has arranged for many social activities for the children and has personally paid for structural improvements and equipment in the children's ward, also the salary of a Night Supervisor for the 8th Floor.

The Emergency Committee has paid for the equipment of the Dental Room and the new X-Ray machine.

The Nurses Committee has taken care of the social activities of the student body, the cost of the graduation exercises and of several parties. Through a gift from Mr. and Mrs. Herman Hettler, the Committee has purchased a baby grand piano for the Helen Reed Room.

In connection with the Social Service Department, our Motor Corps has driven 1,981 miles in hospital service. These women have donated 11,508 miles of service in five years.

Our Free Bed Committee has given \$300 each for seven beds; the gift of Mrs. William E. Casselbery for the Barbara Templeton bed adding one this year. Miss Helen Carter pays for the Leslie Carter and Margaret Carter beds.

Our Furnishing Committee refurnished the Solarium.

Our smaller committees, such as the Layette Committee, who furnishes baby outfits to needy ward mothers, our Clothing Committee, who collects clothing and gives to needy families in our Social Service Department, our Flower Committee, who brings plants and flowers into the wards, our Holiday Committee, who gives a favor to every person in the Hospital on all holidays, add greatly to the pleasure of the patients and our hospital family. The amount in dollars and cents from these committees cannot be stated as much of this work is done by individual donation.

The net proceeds of the Ball were \$9,756.56. ✓

The total amount paid in 1926 to the Hospital in salaries and supplies furnished by the Woman's Board was \$25,027.56. ✓

We wish to thank the Board of Trustees for its co-operation and help in our activities and hope that we may be of greater service to St. Luke's in the future. While our present lines of work are interesting, we feel that our results might be much greater. A Woman's Board should have its greatest field of work in the housekeeping of the Hospital and in the Training School. The one great need of our institution is a new building for the Training School. With the Hospital showing an increased growth every year more student nurses will be needed, and we urge careful consideration of this important aspect.

Respectfully submitted,

EMILY LYON GARY,

January 13, 1927.

President.

REPORT OF THE CORRESPONDING SECRETARY OF THE WOMAN'S BOARD OF ST. LUKE'S HOSPITAL

Notices sent to the Members of the Board of nine regular meetings and the Annual Meeting.

Notices sent to the Associate Members of the Annual Meeting.

Letters of notification of election to the Board sent to :

Mrs. L. L. McArthur
Mrs. Frank Hibbard
Mrs. T. Philip Swift

Letters of condolence sent to :

Mrs. Casselberry
Mrs. Robert Newberry
Mrs. Kersey Coates Reed
Mrs. Thornhill Broome
Mrs. A. E. Halstead

Letter sent to Mrs. Frankenthal, returning her dollar sent for absence from the Board Meeting on February 3rd.

Letter sent Mrs. Baum, notifying her of her election as a member of the Membership Committee.

Letter sent Mrs. Baum accepting her resignation as a member of the Membership Committee.

Letter sent to Mrs. Mitchell, asking her to send \$200.00 to Mrs. Willing for the Furnishing Committee.

Letter sent to Mrs. De Koven, notifying her of her election as an Honorary Member of the Board.

Letter sent to Mr. C. B. Borland, thanking him for his letter of appreciation of the work done by the Woman's Board.

Letter sent to Mrs. Hibbard, notifying her of her election as a member of the Membership Committee.

Letter sent Mrs. Halstead, accepting her resignation as a member of the Delicacies Committee.

Letter sent Mrs. Mitchell with a list of members and the number of times each had been absent from a meeting.

Letter sent Mrs. Defrees, accepting her resignation as a member of the Woman's Board.

Letter sent Mrs. DeLong, accepting her resignation as a member of the Woman's Board.

Letter confirming the action of the Board to give \$75.00 to the Alumnae of the Association, St. Luke's Hospital Training School, in their efforts in financing a scholarship for the Central Council for Nursing Education has been sent.

A letter sent to the Central Council for Nursing Education, stating that the Board had sent the money to the Alumnae, as the Board did not have at present sufficient funds to grant both requests.

Respectfully submitted,

CARYL CASSELBERRY,

January 12th, 1927.

Corresponding Secy.

REPORT ASSOCIATE MEMBERSHIP COMMITTEE

Madame President and Ladies of the Board:

On March 3, 1926, 180 requests for associate membership subscriptions were sent out. By December 31, 1926, 132 renewals had been received making a total of \$1,320.00 for the year.

As the number of associate members has been steadily decreasing for the past five years, we are going to make an earnest effort to regain the interest of our old members and acquire as large a number of new members as possible during 1927. Letters will be sent out in February to a new list of possible subscribers and we hope to be able to report the acquisition of many new associate members in the coming months.

Respectfully submitted,

CHARLOTTE I. MORSE,

Chairman.

ADMISSION OF PATIENTS

**FOR CHILDREN UNDER 12 YEARS OF AGE \$1.00 PER DAY
THE CHARGE FOR OPEN WARD BEDS IS \$3.00 PER DAY
THE CHARGE FOR SEMI-PRIVATE BEDS IS \$4.00 AND \$5.00**

The Hospital cares for an average of about one hundred and fifty wholly free patients and will, when there are vacant beds in the open wards, receive patients whose means are limited for any sum which they may be able to pay and those without means as free patients, provided they are admissible under the rule governing the admission of patients.

Applications for the admission of patients who are unable to apply in person, must be made prior to sending them, and should be made between the hours of nine a. m. and five p. m. All promises of admission are made subject to the result of an examination, as to admissibility, on their arrival at the Hospital.

The financial status of all free or part pay patients is investigated by the Social Service Department and free treatment will not be given unless justified by the report.

Persons making application on behalf of others should be able to furnish concise information on the following points.

The nature of the disease or injury.

The duration of the disease or the date of the injury.

Present condition of the patient.

What treatment if any has been received?

Is the patient able to pay the full rate, or pay in part, or is he or she a proper subject for admission as a free patient?

Patients will in the usual course be received only between the hours of nine a. m. and five p. m., but emergency cases will be received at any hour.

Visitors to patients in the Main Building should apply at the Indiana Ave. office.

EXTRACT FROM THE RULES

“The Hospital is for the treatment of acute, curable, non-contagious diseases and injuries. The following are inadmissible. Sufferers from contagious, dangerously infectious, or incurable diseases, cancers of an incurable and offensive nature, drug habits, delirium tremens, insanity, venereal diseases, phthisis and persons whose presence in the wards would be prejudicial to the welfare of the other patients.

“Patients who refuse to accept the treatment prescribed by the Medical Staff, or refuse to comply with the reasonable instructions of the physicians or nurses, or who willfully violate the rules of the Hospital will be discharged.”

REPORT OF CLOTHING COMMITTEE

500 circular letters and 250 thank you cards have been printed.

The letters have been sent out from time to time.

The donations are carefully numbered and catalogued.

The Social Service Department has given out many of the garments received.

We shall be glad to have the members of the Board send in their cast-off clothing at any time as we have a constant demand.

It is recommended that the Board appropriate a fund to furnish children's sweaters and stockings.

REPORT OF THE FLOWER COMMITTEE OF ST. LUKE'S HOSPITAL

In the Spring of 1926, a Flower Committee, subsidiary to the Social Service Committee of St. Luke's Hospital, was organized with Mrs. John F. Jelke, Jr., as Chairman. A letter was sent out to members of the Woman's Board asking for donations of flowers or money. This letter was responded to most generously and \$190.00 was received from the Board Members:

Mrs. Lester Frankenthal	\$15.00
Mrs. Defries	10.00
Mrs. Philip Wrigley	25.00
Mrs. Halsted	10.00
Mrs. Wm. Mitchell	10.00
Mrs. Ashcraft	5.00
Mrs. Insull	25.00
Mrs. Roloson	25.00
Mrs. Meacham	50.00
Mrs. Folsom	5.00
	10.00

\$190.00

Mrs. Stanley Field sent plants and flowers most generously from her greenhouse.

Mrs. John Gary sent beautiful flowers on Mother's Day, and on many other occasions.

Mrs. Frank Hixon donated flowers from her garden.

Generous gifts of flowers were also received from Mrs. Ashcraft and Mrs. Wm. E. Casselberry.

Flowers were received from The Red Cross on Mother's Day.

Magazines were also collected and sent to the different wards and vases for the flowers were bought.

As I was away for three months this summer, I left a standing order for flowers to be sent from George Wienhoeber's each week. George Wienhoeber and Ernst Wienhoeber each contributed flowers every other week—but I was unable to raise enthusiasm from other florists to do the same thing.

In September I turned over \$145.00 to Mrs. Walls and resigned from Chairmanship of The Flower Committee most regretfully.

Respectfully submitted,

ELIZABETH CLARK JELKE.

THE REPORT OF THE HOLIDAY COMMITTEE January 8th, 1927

This committee was appointed the first of the year by Mrs. Gary, to supply napkins and favors for the patients' trays on holidays.

As the work seemed so little, I did not ask any one to assist, besides Mrs. Wm. E. Casselberry.

On Lincoln's birthday, Mrs. Gary sent paper napkins and flags.

Feb. 14th, Valentines were supplied.

Feb. 22nd, paper napkins.

March 17th, Mrs. Casselberry furnished Shamrocks.

Easter Day, little woolly chickens and candies.

Memorial Day, flags and napkins.

July 4th, flags and crackers of candies.

Labor Day, napkins.

Halloween, favors.

Thanksgiving Day, napkins.

Christmas Day, napkins and chocolates.

New Years Day, napkins.

Mr. Hibbard kindly contributed \$25.00.

Contribution at a birthday party, \$10.00.

The above amounts are on deposit at The Ill. Merchant Trust Co.

Respectfully submitted,

SARA CARROLL FIELD.

1926 ANNUAL REPORT OF KINDERGARTEN COMMITTEE

In May, 1926, Miss Lee, the head Supervisor of the Children's Ward, resigned and was succeeded by Miss Ebermann, and the position of kindergarten teacher was filled by Miss Eckhaus. We are very fortunate in having these women as they are both very capable and interested in their work.

The most important change in the general routine was the limiting of the visiting days to two days a week, Wednesday and Sunday afternoons. This plan was tried out during October and proved perfectly satisfactory, so it has become a hospital regulation.

A diphtheria epidemic closed the ward for a few weeks during the summer, and the city health department destroyed all of the books, toys and working materials, which we have had to replace.

Valentine, Washington's Birthday, Easter, Halloween and Thanksgiving parties, all very attractive, were given by various members of the board, and according to its usual custom, the Service Club decorated a tree and furnished a practical gift and a toy for each child at Christmas. The hospital also gave attractive toys to the children.

The expense of installing 8 sinks, with knee pedals to provide better water facilities, and 19 glass cubicles between the infants' cribs to prevent contagion and the salary of a night supervisor for one year was financed by a member of the committee, amounting to.....\$4,740.00

Other expenditures were:

4 doz. white sweaters	120.00
4 doz. white stockings	15.40
Bed slippers	61.00
50 bibs	16.00
250 dishes	85.00
Electrical instrument requested by Dr. Abt.....	50.00
Repairing radio	24.50

50 metal waste baskets to be used as containers for toys	35.00
10 doz. inexpensive toys.....	14.65
Christmas decorations (22 wreaths, 3 bundles red rope, music-box, tree	56.89
<hr/>	
Total expenditures	\$5,218.44
Cash on hand, deposited in Ill. Merchants Trust Co.	\$ 90.74

THE ANNUAL REPORT OF THE LINEN COMMITTEE OF ST. LUKE'S HOSPITAL

The Linen Committee makes two very definite contributions to the Hospital:

First, and the most important, in the opinion of the Committee, is that it provides a supervisor of linen, i. e., pays the salary of the Supervisor of Linen. This amount is paid from the income of two special funds, statement of which is included in the attached financial report.

Second, the Committee supplies all surgical garments and binders, all Training School linen, and the entire supply of seven other small articles as shown in the statement attached, making a total of 6,751 articles.

The amount needed to purchase the linen (approximately \$4,000.00) must be raised annually, and this is done through the personal efforts of the Committee. The total expended this year for the Supervisor's salary and the linen is \$5,012.16.

Although the nurses are now trying to help us by keeping the linen in circulation, our unsolved problem is still DISTRIBUTION. At this point we meet a phase of hospital work known as "housekeeping," and until that problem is solved—and more especially the details perfected, we shall always be in a very discouraging position.

We wish to take this opportunity to thank those who have so generously contributed to our funds, the churches and organizations which have helped make our garments, and to express our appreciation of the efforts of our Supervisor, Mrs. Johnson, who, under the most trying circumstances, is at all times hopeful that we may some day co-ordinate with all departments.

Respectfully submitted,

MARJORIE G. PITCHER,

Chairman.

REPORT OF MEMBERSHIP COMMITTEE

At the April meeting of the Woman's Board the Membership Committee presented the names of Mrs. L. L. McArthur and Mrs. Frank Hibbard to fill the then two vacancies on the Board. Mrs. McArthur and Mrs. Hibbard were unanimously elected to membership.

At the May meeting of the Board the resignation of Mrs. Joseph H. Defrees was read and accepted with regret. The Membership Committee then presented the name of Mrs. T. Philip Swift and she was unanimously elected to fill the vacancy caused by Mrs. Defrees.

At the December meeting the resignation of Mrs. Charles S. DeLong was read and accepted with regret.

✓ This gives us a membership of 59, with one vacancy.

CATHERINE BARKER SPAULDING,
Chairman.

1 pr. boy's shoes.
- Mrs. Chauncey Borland:**
Books.

The department received a desk and typewriter—name of donor not given.

REPORT OF VOLUNTEER DIVISION OF SOCIAL SERVICE DEPARTMENT

✓ Volunteer service within the Social Service Department started February, 1926, with five workers. At the outset the plan and purpose was to commence the work and enlarge it gradually. Some have dropped out; and others have become very much interested. We now have fifteen workers.

At the beginning we had hoped to have as workers only those who come regularly, but during the year some have moved from Chicago and others have been compelled to suspend their services temporarily.

Four hundred clinical hours have been signed for. The following clinics have been covered: Children's, Surgical, Gynecological, Pre-natal, Orthopedic and Ear, Nose and Throat. The duties of the volunteers in the clinics depend largely on the type of clinic and the individuality of the Aide.

Some volunteers have assisted with clerical work, writing histories and taking doctors' dictation, looking up records, acting as guides, and helping the doctors in the clinics.

Many former patients have come to us after leaving the Hospital or through their connection with the clinics, and help and assistance in their personal difficulties has been given and followed up by the volunteer Aides.

I wish to express my thanks to all the volunteers, Mrs. Cornelius Lynde, Mrs. Thompson, Miss Herrick, Mrs. Wil- ling, Mrs. Folsom, Mrs. Gay, Mrs. Thomas, Mrs. Wrigley, Miss Levin, Mrs. Gibson, Miss Blair, and also Mrs. Faurot, Mrs. Pitcher and Miss Judith Walsh who have just joined us, for their loyal and faithful attendance.

I also desire to thank and state my appreciation to the Social Service Staff under the able leadership of Miss Arm- strong, who have been a real inspiration, always willing to stop and explain difficulties and lend every assistance. They are entitled to, and have, our great admiration for their untiring devotion to the many phases of the Hospital's work.

Finally, I desire to state my thanks to the Staff for their great interest and helpful co-operation, for all of which we are most grateful.

Respectfully submitted,

MARGUERITE WATSON.

ANY PERSON DESIRING TO BEQUEATH A LEGACY TO THIS CHARITY IS
REQUESTED TO DO IT IN THE FOLLOWING MANNER, VIZ:—

FORM OF DEVISE OF REAL ESTATE

I give and devise to ST. LUKE'S HOSPITAL, of Chicago, a corporation existing under the laws of the State of Illinois, for its corporate purposes, all that, etc.
